UPC: 844375088771 6 Light Chandelier

The beauty of water is the inspiration behind the contemporary Varsha collection. Create a relaxed mood with this modern interpretation of refractive water. Drift on the waves of the thick artisan glass with no worries of being swept away by a current. Strong geometric arms carry the Hammered Water Glass while veiled screws hold the panels in place. The frame's repetitive boxes converge to create a center column. Strong candelabras sit upon wide cups that are partially concealed behind the beautiful glass. The smooth matte black finish offers a sophisticated feel. This large pendant is ideally sized for a dining room or large foyer.
