Linear Pendant

The design of the Marilyn collection is evocative of the glamour and romance of the 1920s. Shimmering gold chains dangle dramatically suspending beads of crystals or pearls. The gold strands create the illusion of full drum shades, shielding slender arms and elegant candelabras. This glamorous design creates a look of timeless elegance that works beautifully in eclectic environments. The Peruvian Gold finish complements a variety of interiors. This linear pendant has a generous frame, perfect for illuminating a bar or kitchen island.
