Small Pendant

This industrial-inspired design blends old and new. Hawthorn features accordion style components which can be extended to lower or shortened to raise the pendant to your preferred position. Elongated cut outs on the steel shade are reminiscent of vintage machinery. The pendant can be adjusted for style and focused task lighting. The extending feature can be locked in place with thumbscrews for style and function. The collection is available in a choice-selection of finish and shade color combinations. The interior of the shade is painted a Matte Black finish.
