1 Light Pendant

Add a touch of industrial-inspired charm with the Lincoln dome pendant. Transitional in style, the light is timeless and fit for various interiors. Its beauty lies in honest and unabashed simplicity. The shade is hand-painted in layers and is textured in order to have a weathered, rustic appearance. The base layer is done in a metallic copper color like a shiny new penny, then partially covered with layers of brown and charcoal. The shade's interior is painted a coppery color to coordinate with the exterior. The large, classic shade balances on a tiered top cap and a matching length of sturdy chain. This pendant is perfect for task lighting. Hang one alone or group with others above a kitchen island.
